SUMMARY

Self-taught fullstack developer with hands-on experience building modern web applications using JavaScript, React, Node.js, and MongoDB. Experienced in creating dashboards, e-commerce platforms, and responsive user interfaces. Passionate about learning, problem-solving, and building scalable solutions. Thrives in challenging environments and always seeks opportunities to grow and deliver high-quality work.

PROJECT

Shopsphere E-commerce Website (MVP)

shopsphere-online.netlify.app/ • July 2025 – August 2025

- Developed a complete e-commerce platform with Stripe integration and both email & Google OAuth authentication.
- Implemented filtering/search logic for tailored product discovery.
- Order data synchronizes to the admin dashboard, with order tracking for users.
- Fully responsive UI with unique design.

Shopsphere Dashboard (MVP)

shopsphere-online.netlify.app/dashboard/dashboard-login • June 2025 – July 2025

- Built a fully functional admin dashboard with CRUD features for products & orders.
- Integrated real-time analytics for user behavior and store metrics using MongoDB cron jobs.
- Implemented role-based authentication (admin vs guest).
- Designed a custom UI with dashboard settings for better management.

EDUCATION

Bachelor of Science in Political Science

University of Nigeria, Nsukka • Nigeria • 2024

INVOLVEMENT

Frontend Developer

9QUEST(startup) • September 2024 – January 2025

- Collaborated as a Frontend Engineer on a startup initiative (Sep 2024 – Jan 2025) aimed at rewarding intellect with cash and in-kind incentives. Although the startup didn't succeed due to funding limitations, the experience improved my collaboration skills, technical exposure, and ability to work in team environments.

SKILLS

- HTML, CSS, JavaScript
 - React.js, Tailwind CSS
 - Node.js, Express.js
 - MongoDB
 - REST APIs
-
